

PDFLOW Database Program

The screenshot shows a window titled "Customers version 1.1" with a "Data" tab. It contains a form with the following fields and values:

Number:	1
Company:	PROCES DATA A/S
Contact:	HELV KJØB
Address1:	FAVVEVEJ 8
Address2:	8600 SILKEBORG
Address3:	ØSTERMARK
Phone:	+45 87200000
Fax:	+45 87200000
Route:	
Remark:	DATABASE VERSION 1.0
Info:	

At the bottom of the form are buttons for "Add", "Delete", "Update", and "Close". The status bar at the bottom indicates "Record 1".

PDFLOW is a tool for generating a customer database for PD 4000/340 Flowmeter-Display. The database can hold up to 1200 customers. This information is then downloaded to the PD 4000/340. The PDFLOW Database program is based on a standard database using Access 2.0 file format. Requires PD 3920/PD 3930 and VIGO software.

Download the fully featured 30-days-free-trial version

The PDFLOW Program is sold on a try-before-buy basis.
