REOTEMP Guarantee & Warranty Information

Five Year Warranty

We warrant 3", 4", and 5" dial bimetal thermometers* against defective materials or workmanship under normal use and service for five (5) years following date of shipment. This warranty does not cover exposure to corrosive materials, temperatures in excess of those recommended, excessive vibration, or forces or abrasions which cause bending or unsealing of the case or stem.

One Year Warranty

All other REOTEMP temperature instruments, except for hand held digital thermometers and associated probes**, are warranted for one year from date of receipt to be free of manufacturer's defects in material and workmanship.

Our Guarantee

Reotemp guarantees the products will perform within the cataloged performance specifications if used within specified parameters. Determination of defect or failure will be made at Reotemp or at a certified test facility. Warranty is limited to replacement or repair at factory. This warranty is expressly in lieu of any other warranty, expressed or implied, and of all other obligations or liability on our part for damages, including but not limited to, consequential damages arising out of use or misuse of our temperature instruments, and we neither assume nor authorize anyone to assume for us, any other liability in connection with the sale of our instruments or sensors. Suitability of product for the customer's application rests with the customer; REOTEMP does not warrant suitability of its product for the application selected by customer.

* The thermometers covered by this warranty are all 3", 4", and 5" dial bimetal thermometers except those with plastic crystals, silicone filling, stems exceeding 36", and minimum - maximum pointers.

** Digital Thermometers and associated probes are warranted for 90 days from date of purchase.

REOTEMP reserves the right to make product improvements and change its specification stated throughout this catalog at anytime without notification. Please contact the factory on all critical dimensions and specifications for verification.
